**Faculty Advisors' In Service 2009 Seminar**  
**Thursday 9<sup>th</sup> July, 2009, Sydney, Australia**

Welcome to IS09!

While attendance by all current and prospective faculty advisors is a requirement of being a SIFE Faculty Advisor, there are many professionally related reasons why attendance is beneficial for you.

This year, IS09 will begin with an overview by Jennie Hayes, Co-ordinator of the UNISA DEEWR Diversity & Structural Adjustment Grant for Student Employability Skills and Community Service. Jennie's presentation will be followed by three sessions:

***'Best Practice' in working with SIFE teams.***

Zohra Zori, Programme Director, SIFE International & Dennis Lee will discuss 'what' constitutes 'best practice' in working with SIFE teams.

***Funding for SIFE activities.***

Alison Jenkins, Uni of Melbourne FA will discuss the challenge of securing funding for SIFE activities.

***Promoting SIFE-related research.***

While Doina and I will present our ideas about our current SIFE-related research, all FAs are invited to present their research ideas.

The Programme is summarised below.
